

BAR

NICKEL ALLOYS, TITANIUM, STAINLESS STEEL COBALT ALLOYS, ALLOY STEEL, CCM

QUALITY APPROVALS

- AS9100D with ISO 9001: 2015
- AS13100
- ISO 13485
- GE Aircraft Engine (GT193)
- Pratt & Whitney LCS

BAR PROCESSING

- In-house bar saws
- Cutting tolerance as low as +/- .030"
- Ability to cut up to 36" diameter
- Tolle cutting capacity available

INDUSTRIES SERVED

- Aerospace
- Defense
- Space
- Fastener
- Medical
- Power Generation
- Oil & Gas

BAR SOLUTIONS

United Performance Metals has one of the most comprehensive bar inventories in the industry. Our bar products are purchased from the highest quality mills in the world, are fully certified and are DFARS compliant. We have the processing capability to handle any size job, from a single bar cut to thousands of pieces. Our cutting tolerances go as low as +/- .030", and fastener grades are typically ordered .010" over standard dimensions. When you need parts just-in-time, Kanban or long-term contracts, UPM has the right bar solutions for you and your business!
